Dear Welfare

I am making this request in relation to payment of child benefit. My address is [REDACTED]
[REDACTED] and my PPSN is [REDACTED]

My children's details are as follows:

B [REDACTED] [REDACTED] (DOB [REDACTED])
A [REDACTED] [REDACTED] (DOB [REDACTED])
J [REDACTED] [REDACTED] (DOB [REDACTED])

The request concerns forms that I filled out in the past looking for details of my children's school and doctor.

The request is as follows:

Please provide a copy of all information held by Welfare concerning my children's school or doctor

Please provide details of any data matching that has taken place with data held by other third parties (public or private) using the information on the children's schools or doctors.

I wish to object to the processing per articles 21 and 6(1)(e) GDPR since the processing is not necessary since there is absolutely no suggestion that we are ineligible for child benefit which has been paid since birth for all three children.

Many thanks
